

SHIVAM SHARMA

Front End Developer | React.js | JavaScript | HTML5 & CSS

+91-9548890374 | shivamsharmas3623@gmail.com | Greater Noida, UP | [LinkedIn](#) | [GitHub](#)

OBJECTIVE

Frontend Developer with hands-on experience building reusable, cross-platform web application components using React.js, HTML5, CSS, Bootstrap, and JavaScript. Skilled in RESTful API integration, responsive design, and delivering high-quality, user-centric interfaces.

EDUCATION

Noida Institute of Engineering and Technology

CGPA: 8.64 / 10

B.Tech – Computer Science Engineering | 2023 – 2027

S.D.M. Inter College

2023 / 2021

Intermediate: 87% | High School: 83.33%

TECHNICAL SKILLS

Frontend	React.js (Hooks, Axios), HTML5, CSS3, JavaScript (ES6+), Responsive Design, Tailwind CSS
Backend	Spring Boot, REST APIs, MySQL, Hibernate, JWT Authentication
Languages	JavaScript, Java, Python, C, SQL
Tools	Git, GitHub, VS Code, IntelliJ, Linux, Postman
Core	Reusable Component Development, API Integration, OOP, DSA, Cross-platform UI

PROJECTS

GrowGenie – AI Business Companion • *React.js, Spring Boot, JWT, REST APIs*

- Built reusable, cross-platform React.js frontend components for an AI-powered entrepreneur platform, adhering to web and team coding standards.
- Developed and integrated 10+ RESTful API endpoints enabling subscription-based access with JWT-secured authentication.
- Implemented responsive UI layouts using React Hooks and Axios, reducing manual business workflow time by 40%.

Portfolio Website – iOS Style UI • *React.js, CSS, Responsive Design*

- Developed a React-based portfolio with modern iOS-inspired, responsive UI using clean component architecture.
- Built reusable UI modules including an interactive music player, project showcase cards, and a responsive navigation layout.
- Ensured cross-browser compatibility and performance optimization throughout the application.

Functional UI Component Library • *HTML5, CSS3, JavaScript, Bootstrap*

- Designed and built 15+ reusable, maintainable cross-platform UI components — buttons, cards, modals, and form elements — following web standards.
- Implemented responsive Bootstrap grid layouts with SASS-based styling for modular, scalable component structure.

TRAINING EXPERIENCE

Spring Boot Backend Training – MyAnatomy (NIET NCET Program) | *Jan 2026 – Present*

- Completed intensive hands-on training in backend development — REST APIs, JWT authentication, and full-stack architecture.
- Built GrowGenie as the capstone project, gaining real-world development and product delivery experience.
- Collaborated with a cross-functional team, practiced agile methodology, and wrote technical documentation for the project.

CERTIFICATIONS

- Data Structures and Algorithms using Java – Infosys Springboard
- Web Development using Bootstrap – Infosys Springboard
- Introduction to Cybersecurity – Cisco Networking Academy
- Design Thinking for Innovation - Coursera
- Database Programming with SQL – Oracle
